EUROPEAN COMMISSION
FOR ROAD SAFETY
IN THE ARMED FORCES

Presentation of the road safety in the French army

Programm:

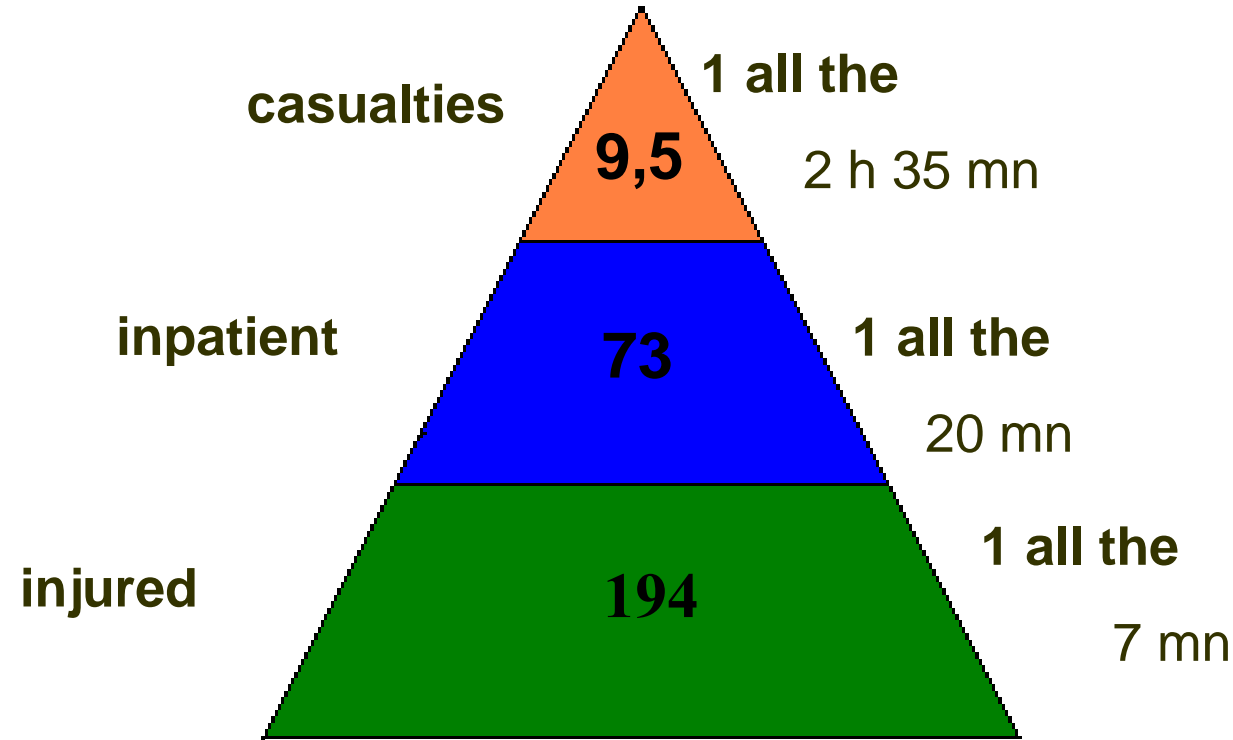

- **Introduction**
- **Presentation of the MPSRMD**
(Ministry of Defence safety road and prevention mission)
- **Chain of responsibility for the road safety in the French army**

Programm:

- **Introduction**
- **Presentation of the MPSRMD**
(Ministry of Defence safety road and prevention mission)
- **Chain of responsibility for the road safety in the French army**

Introduction

Per day

Introduction

Since 2010, road accidents are the second cause of death in the French army (in or out France borders, in duty or not). The first one is the suicide

Before, the situation was reversed and led to the creation of a unique and specific office: the MPSRMD

Programm:

- **Introduction**
- **Presentation of the MPSRMD**
(Ministry of Defence safety road and prevention mission)
- **Chain of responsibility for the road safety in the French army**

An entity at the service of the MINARM based on the site of Arcueil

Mission:

Animate and coordonnate the road safety and prevention policy in the ministry of armed forces (MINARM).

Organization:

18 military and civilian agents shared into 4 sections.

Mains goals for thre MPSRMD in 2017

1. form 132 local road safety relays in the agencies.
2. sensitize 15.000 agents of the ministry.
3. animate the internal road safety network.
4. distribute more than 13.000 pedagogical and communication materials.
5. preside 2 working groups “the Armies-The road safety”.
6. Produce the annual ministerial training report for drivers eco-driving.
7. organize the national poster contest on the road safety and prevention themes.
8. participate in various events (competition jury, Road Safety Days in Belgium, ...)
9. create news work crafts with the help of ours associated partners

Formation section

Formation section

Formation section

3 instructors BEPECASER

Missions : form – follow

Goal : form 132 local road safety relays

Method : theoretical - practical

Means : secured road circuits (Monthéry, Villacoublay, Satory)

⇒ **Secured environment:
Speed ring based on Monthéry**

Road safety and prevention educator officer stage (CEPSR)

Dedicated classroom

site of Arcueil

SKID CAR:

Villacoublay track

Eco-driving former stage

Driver's Partner

- Car stability
- Braking force
- Action on pedals
- Action on the steering wheel

Secured environment :

6 km road circuit in Montlhéry

Safety road and prevention local counselors stage (CLPSR)

Freinographe

- Reaction time
- Braking distance
- Stopping distance

Secured environment:

Speed ring based on Montlhéry

Specific stages

- « driving and safety » stages
- « Vision and safety » stages
- « On demand » stages

Itinerant means section

Itinerant means section

Itinerant means section

9 agents

Missions : form – sensitize – advise – educate - guide

Goal : sensitize 15.000 agents of the ministry

The MPSRMD proposes to the other services many various work crafts in road safety and prevention:

- eco-driving
 - ✓ eco-driving simulator
 - ✓ computer analyzed driving
- Speed
 - ✓ emergency brake
 - ✓ loss of adhesion
- Safety belt
 - ✓ overthrow and shock car
- Behaviors
 - ✓ car or truck emergency situations simulator
- Alcohol
 - ✓ Deforming glasses, simulation software
- Motorbike
 - ✓ motorbike emergency situations simulator
- Traffic Laws
 - ✓ revision of the traffic laws
- Telephone at the wheel
 - ✓ Tests of using telephone on secured roads
- Off-road driving (in creation)

Bikes (in creation)

ECOCONDUITE	
Formation écoconduite normes CEE (2H30)	Sensibilisation écoconduite hors normes CEE
<u>Avec conduite analysée par ordinateur</u>	<u>Simulateur de conduite économique</u>
<u>Sans conduite analysée par ordinateur</u>	
VITESSE	
<u>Freinage d'urgence (freinographe)</u>	<u>Découverte de la perte d'adhérence</u>
CEINTURE	
<u>Ceinture de sécurité en choc frontal (test choc)</u>	<u>Ceinture de sécurité en renversement latéral (voiture tonneau)</u>
COMPOTEMENT	
<u>Simulation de situations d'urgence (VL/PL/VUL/TC)</u>	
ALCOOL	
<u>Alcool au volant (lunettes déformantes + logiciel de simulation)</u>	
MOTO (simulateur de situations conflictuelles)	
<u>Simulation de situations d'urgence à deux-roues</u>	
CONDUITE TOUT TERRAIN / OPEX	
<u>Sensibilisation conduite hors route (OPEX)</u>	
CODE DE LA ROUTE	
<u>Découverte, révision du code</u>	
SMS AU VOLANT	
<u>Sensibilisation au téléphone au volant</u>	

Creation of new work crafts :

Caisse Nationale
MILITAIRE
de Sécurité Sociale

Management / planning section

Management / planning section

Management / planning section

2 agents

PLANIFICATION:

- Receiving Applications
- Planning and adjusting applications based on the following criteria:
 - Geographical coherence
 - Availability of drivers / facilitators
 - Availability of materials

MANAGEMENT :

- Vehicle maintenance
- Maintenance of equipment
- Inventory management " educational products "
- Dissemination of teaching materials
- Monitoring and updating the MPSRMD activity for management

In conclusion

In 2016, the MPSRMD :

- ✓ 40 weeks on the field
- ✓ 83 visited entities
- ✓ 20 769 sensitized agents
- ✓ 142 staff trained
- ✓ 10 cars, 1 bus, 2 shelters and adapted means ...

Programm:

- **Introduction**
- **Presentation of the MPSRMD**
(Ministry of Defence safety road and prevention mission)
- **Chain of responsibility for the road safety in the French army**

- The heads of agencies are the first actors of the road safety and have an obligation of result in this field.

To do this, they designate a safety road and prevention local counselor (CLPSR) and a road safety and prevention educator officer (CEPSR).

safety road and prevention local counselor (CLPSR) :

- Write et sign a « Road Risk Prevention Plan » (PPRR) for a regiment, a military base or a service with realistic objectives;
- Be the main counselor to the chief for the road safety on the site;
- Follow the actions of his predecessors.

road safety and prevention educator officer (CEPSR):

He has to :

- **Organize** awareness session on a theme of road safety and realize internal communication ;
- **Realize** a short presentation about road prevention (ex: IM 2000).
- **Former** à l'éco-conduite.

Drivers are involved in road prevention about:

- basic acts of the first echelon (highlight, oil levels, wheels, ...);**
- mission preparation;**
- respect of the traffic laws and specific rules on the military driving ;**
- update of their knowledges ;**
- driving licence validity ;**
- know the equipment used.**

ANY QUESTIONS ?

THANK YOU FOR YOUR ATTENTION
